

2024 SALEM SPEEDWAY RED BALL RECYCLING SCRAPPER RULES

ELIGIBLE CARS

- 1) Any 4- and 6-cylinder cars, SUV's and minivans are eligible with a maximum of 22 feet long.
- 2) No four-wheel drive vehicles allowed unless driveshaft is removed making it two-wheel drive.
- 3) No trucks.
- 4) All vehicles must have a door plate and gas tank must remain in stock location.
- 5) Must remove all glass except the windshield. Must remove all headlights and taillights.
- 6) All airbags must be removed.
- 7) Any extra items like spare tires, jacks, parts, or trash must be removed from the vehicle prior to going on the racetrack.

SAFETY EQUIPMENT

- 1) Drivers must wear long-sleeved shirts and long pants. (Racing uniforms are highly recommended.)
- 2) Helmet must be at least Snell 2010 or newer and must be worn at all times when the vehicle is on the racetrack.
- 3) Must have at a minimum a bolted in seat and working stock seat belts. (A race seat with a five-point harness is recommended.)
- 4) **Driver's Side Window Net is required!**
- 5) **Scanner to monitor race control for the driver is required!**

REGISTRATION/FEATURE LINE-UP

- 1) Each driver will need to register and pick up a track transponder at the Pit Booth.
- 2) Driver must have purchased a pit pass.
- 3) Drivers will draw when registering for your feature lineup. It is the driver's responsibility to draw, if you have not drawn by the start of your practice session, you will start at the tail of the field.
- 4) Each car must have a readable number on both sides.
- 5) Must have a properly mounted track transponder properly secured (in a transponder bag) under the vehicle with no metal between the transponder and the racetrack before coming on the racetrack for practice. Must make at least one lap in practice to make sure your transponder is working. Turn in your transponder at the tech building on the back stretch when you're done racing!
- 6) **Previous feature winner cannot start any better than halfway in the field or he can elect to go to the tail of the field to start the race, if that driver wins that event, he gets a \$100 bonus.**

Race Procedures

- 1) Cars need to stay on the racing surface and cross the scoring loop in turn one in order to be properly scored for the event, no driving through the grass on purpose.
- 2) No racing bare rims! The short track sustained some damage at some events last season from vehicles trying to race on their rims! If you have a bare rim, please pull it off the track immediately! You will be black flagged immediately if you have a bare rim.
- 3) We will just use the green and red flags, not yellows. Go on green, stop immediately when you see the red.

It is your responsibility to see that your car is legal. No equipment will be considered as having been approved by reason of having passed through tech inspection unobserved.

In keeping with Salem Speedway's commitment to maintaining proper balance in the competition arena, it may be necessary for Salem Speedway to make rule changes and/or rule modifications from time to time. Such changes are designed to enhance close competition. For competitive balance, Salem Speedway reserves the right to change, modify, delete or add to any guidelines as deemed necessary throughout the season.

ALL RULES SUBJECT TO INTERPRETATION OF SALEM SPEEDWAY OFFICIALS

These rules are subject to change as conditions warrant without notice. All general guidelines for participants; including Guidelines Disclaimer, Safety, Racing Rules, Conduct, Substance Abuse Policy, Official Decisions, etc.; listed in the 2024 Salem Speedway "Official Rules and Regulations" book apply unless otherwise stated in these rules.
