

Approved Shock List

(ver13024)

Shock Rule: Shocks must be Steel, Non adjustable, Non-gas re-chargeable, and without Schrader Valves or any method to charge with gas. Shocks maybe re-buildable. The list below contains the only approved shocks.

All eligible shocks used in competition must utilize the unaltered/standard parts associated with the approved shock from the list/descriptions below.

Economy Shock List: Any car utilizing 4 shocks with an "*" below and have a rebound of 8 or below, will be allowed a 75 lb weight break.
